OAK

OAK LAWN COFFEE

[Oak Lawn Coffee](#) has a new La Marzocco 3 Group GB5 Espresso Machine and it is beautiful!

Jason installed it last Monday and it has been pulling amazing shots of Brazil Condado.

Stop by, take a look at the new machine, get a cappuccino, and enjoy!

CLIFF

COFFEE

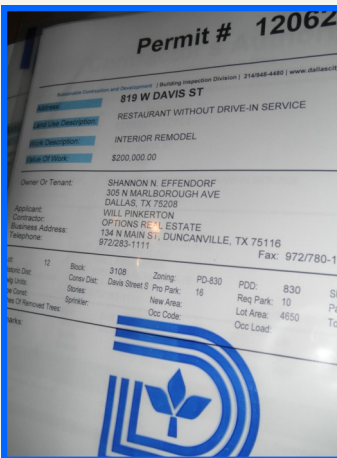

REMERA NYARUSIZA RWANDA

Our newest offering is the Remera Nyarusiza Rwanda. This coffee comes from two washing stations and is owned by Epiphanie Muhirwa and run with the help of her son, Samuel.

Older stock bourbon trees and raised African drying beds contribute to a cup that leans toward a bright citrus and pear front. The cup then moves into more subtle cinnamon, rose and honey finish. This coffee should not be missed!

Look for the Rwanda available on our [website](#) soon.

PERMIT!

It's official! Last week we got our permit for our new shop at 819 W. Davis St.

More details coming soon.....
